

thereof as a treatment for relieving headache, blood constipation, tapeworm, hemorrhoid, constipation and stomach acidity symptoms.

AMENDMENTS TO THE CLAIMS

1. (currently amended) A ~~chemical~~ pharmaceutical composition for relieving headache, blood constipation, tapeworm, hemorrhoid, constipation and stomach acidity symptoms comprising effective amounts of asafetida, ajwain seed, vidanga, cumin seeds, fenugreek, triphala, fennel seed, and turmeric.

2. (currently amended) The ~~chemical~~ pharmaceutical composition of claim 1 wherein the composition contains approximately 5 milligrams of asafetida.

3. (currently amended) The ~~chemical~~ pharmaceutical composition of claim 1 wherein the composition contains approximately 100 milligrams of ajwain seed.

4. (currently amended) The ~~chemical~~ pharmaceutical composition of claim 1 wherein the composition contains approximately 50 milligrams of vidanga.

5. (currently amended) The ~~chemical~~ pharmaceutical composition of claim 1 wherein the composition contains approximately 20 milligrams of cumin seeds.

6. (currently amended) The ~~chemical~~ pharmaceutical composition of claim 1 wherein the composition contains approximately 20 milligrams of fenugreek.

7. (currently amended) The ~~chemical~~ pharmaceutical composition of claim 1 wherein the composition contains approximately 100 milligrams of triphala.

8. (currently amended) The ~~chemical~~ pharmaceutical composition of claim 1 wherein the composition contains approximately 180 milligrams of fennel seed.

9. (currently amended) The ~~chemical~~ pharmaceutical composition of claim 1 wherein the composition contains approximately 25 milligrams of turmeric.

10. (currently amended) The ~~chemical~~ pharmaceutical composition comprising ~~comprising~~ approximately 5 milligrams asafetida, approximately 100 milligrams of ajwain seed, approximately 50 milligrams of vidanga, approximately 20 milligrams of cumin seeds, approximately 20 milligrams of fenugreek, approximately 100 milligrams of triphala, approximately 180 milligrams of fennel seed, and approximately 25 milligrams of turmeric.

11. (currently amended) A method of relieving one or more symptoms of headache, blood constipation, tapeworm, hemorrhoid, constipation and stomach acidity ~~symptoms~~ comprising orally administering a pharmaceutical composition containing effective amounts of asafetida, ajwain seed, vidanga, cumin seeds, fenugreek, triphala, fennel seed, and turmeric.

12. (currently amended) The method of claim [[1]] 11 wherein the composition contains approximately 5 milligrams of asafetida.

13. (currently amended) The method of claim [[1]] 11 wherein the composition contains approximately 100 milligrams of ajwain seed.

14. (currently amended) The method of claim [[1]] 11 wherein the composition contains approximately 50 milligrams of vidanga.

15. (currently amended) The method of claim [[1]] 11 wherein the composition contains approximately 20 milligrams of cumin seeds.

16. (currently amended) The method of claim [[1]] 11 wherein the composition contains approximately 20 milligrams of fenugreek.

17. (currently amended) The method of claim [[1]] 11 wherein the composition contains approximately 100 milligrams of triphala.

18. (currently amended) The method of claim [[1]] 11 wherein the composition contains approximately 180 milligrams of fennel seed.

19. (currently amended) The method of claim [[1]] 11 wherein the composition contains approximately 25 milligrams of turmeric.

20. (currently amended) A method of relieving one or more symptoms associated with headaches, blood constipation, tapeworm, hemorrhoids, constipation, and stomach acidity comprising orally administering a pharmaceutical composition containing approximately 5 milligrams of asafetida, approximately 100 milligrams of ajwain seed, approximately 50 milligrams of vidanga, approximately 20 milligrams of cumin seeds, approximately 20 milligrams of fenugreek, approximately 100 milligrams of triphala, approximately 180 milligrams of fennel seed, and approximately 25 milligrams of turmeric.
